## ARRANGE FOR THANKSGIVING

Ministers Pick Church and Name  
Preacher for Annual Service

At the monthly meeting of the Rushville Ministerial association this morning, it was decided to hold the union Thanksgiving service at the First Presbyterian church, but the hour will be determined later. The Rev. Clyde S. Black, pastor of the St. Paul's M. E. church, will preach the sermon. The service will be held on Thanksgiving day as usual. No other business of any importance was transacted at the meeting this morning.

## ORGANIZATION TO BE FORMED ON THURSDAY

Rush County Farmers Association  
Will Meet To Adopt By-Laws  
And Elect Officers

C. F. PATTERSON WILL SPEAK

A mass meeting of the Rush County Farmers' Association has been called by President D. C. Buell for 1:30 p. m. Thursday, to perfect the permanent organization. The meeting will be held in the assembly room in the court house. At this time the constitution and by-laws will be adopted and permanent officers elected. The officers of the association have arranged to have C. F. Patterson speak at the meeting. Mr. Patterson is a farmer of Tipton county. He is thoroughly acquainted with the work of the Association, and those who heard him at Carthage and Raleigh two weeks ago say that he is a very forceful speaker. He will also speak at the evening meeting which will be held at the same place at 8 p. m. The officers hope to have other speakers from the State Federation to help Mr. Patterson in the evening meeting. They are also very anxious to have every member present at both meetings. Everybody is invited.

Mr. Buell has arranged to have two representatives from each township selected by the respective township organizations meet him in the Sheriff's office at 2 p. m. Wednesday and draft a constitution and by-laws to submit to the members on Thursday. A complete report of membership is expected at the Wednesday meeting.

At this time a program for the next day will be arranged.

## BROTHERHOODS TO SEND DELEGATES

Railway Men to be Represented at  
Conference of Labor and Capital  
Opening This Afternoon

MRS. CATT DECLINES TO GO

(By United Press.)

Washington, Oct. 6.—The four railway brotherhoods decided to send representatives to the round table industrial conference which opens this afternoon, according to a report today.

The representatives of the brotherhood will be: President W. Lee, of the trainmen; President Shea of the firemen; President T. Sheppard, of the conductors and H. Wills, legislative agent of the engineers.

President B. Jewell, of the railroad employers department of the A. F. L. decided to accept the invitation to be a delegate.

Mrs. Carrie Catt, president of the National American Woman's Suffrage association, today declined to join the conference on account of previous engagements.

## SUPPRESS RACE AND STRIKE RIOT

Four Companies of Indiana Militia  
Guard Gary Streets and Others  
Are Held in Reserve

CROWDS EASILY DISPERSED

Steel Strike Ends Third Week Today  
With Very Little Change  
In The Situation

(By United Press.)

Gary, Ind., Oct. 6.—State troops today succeeded in suppressing race and strike riots which broke out during the last thirty-six hours.

Four companies of Indiana militia guarded the streets and additional guard troops are held in reserve in East Chicago by Adjutant General Smith.

General Smith announced that he had orders from Secretary Baker to call for regular army troops.

Several troops arrived shortly after midnight. Local authorities could no longer control the situation after crowds of strike sympathizers had gathered in front of the steel mills. Shortly after the troops arrived the crowds were dispersed.

Twenty-five hundred strike breakers who gathered at the Civic club, were escorted to the plant of the Inland Steel company by 400 soldiers today.

The police and soldiers kept the crowds moving. Adjutant General Smith declared that if any further outbreaks occurred he would proclaim martial law. He said he had a proclamation signed by Gov. Goodrich, proclaiming martial law so he could make use of it when necessary.

The union steel workers' council sent a telegram to the senate committee investigating the strikes, asking them to come to Gary to get information regarding the situation.

Little Change in Strike

Pittsburg, Pa., Oct. 6.—The second concerted act to draw crews to steel mills today brought little change in the situation.

## ARLINGTON POOL ROOM OWNER FINED

Ora Waymire Pleads Guilty to Grand  
Jury Charge and G. C. Hutcherson is Also Arrested

VIOLATES MOTOR LAWS

Ora Waymire, a pool room owner of Arlington, was arrested this morning by Sheriff Jones on two grand jury indictments, and paid \$5.00 and costs in each case, after pleading guilty to both charges. The two charges were for allowing minors to play and for allowing minors in a pool room.

Grover C. Hutcherson was arrested this morning in Anderson by the Madison county sheriff on a bench warrant from this court, being charged by a grand jury indictment for unlawfully operating a motor vehicle. Hutcherson gave a \$100 bond in Madison county, for his appearance in this court, and was expected to appear here this afternoon.

It is not known here just what the charge was for, but it is presumed that it relates to his experience of some time ago, when he ran into a traffic post and damaged his automobile. At present time a damage suit against the city of Rushville is under advisement in the Decatur circuit court. Hutcherson lives in Liberty, and has been working in Anderson.

Nothing was in progress in circuit court today, and no new suits were filed this morning.

## JACKSON FARMERS TO MEET

Session at Osborn School Tuesday  
Night to Complete Organization

The farmers of Jackson township will meet tomorrow at Osborn school house to complete the organization of the township farmers association, which will become a part of the Rush county association and which in turn will affiliate with the Indiana Federation of Farmers Associations. Officers will be elected and for this reason a large attendance is desired.

The farmers of Union township have also been called to meet the same night at the school house at Gings for the same purpose.

## NEW SCHEDULE BRINGS CHANGES IN THE MAIL

Hour For Closing Last Pouch to go  
West at Night Changed From  
8 to 7 P. M.

NO SUNDAY COLLECTION MADE

The change of time, which took effect on the C. I. & W. Sunday, makes necessary several changes in the mail service at the Rushville postoffice, it was announced yesterday.

The last evening mail for the west now leaves here at 7:33, which makes it necessary for mail going west in the evening to be in the postoffice at 7 o'clock, when the pouch will be locked. This is due to the fact that the train going west at 11:20 a. m. will not carry mail. An effort is being made to get a lock pouch for Indianapolis on that train, and if it is successful, mail will be accepted up until 8 o'clock in the evening as has been the custom.

No mail will be collected from the boxes on Sunday because the last mail will be locked at 11:30 a. m. and all mail to go out Sunday must be in the postoffice by that hour. The lobby of the postoffice will be open the usual hours on Sunday, however. The morning mail now arrives from the west at 5:16 and business men will find their mail distributed by 7 o'clock when the train is on time. With the new schedule, the rural route carriers now leave at seven, instead of eight o'clock.

## WILSON'S CONDITION CONTINUES IMPROVED

Statement by Physicians Today at  
10:30 Says That Change For  
Better is Apparent

SPENDS SATISFACTORY NIGHT

(By United Press.)

Washington, Oct. 6.—President Wilson's condition continued to improve, according to Dr. Grayson's bulletin issued at 10:30 this morning.

The text of the statement, given out after a consultation this morning which was participated in by Rear Admiral Grayson, Dr. Ruffin, of Washington and Admiral Stitt, follows.

"The improvement in President Wilson's condition noted yesterday has continued today." He had a satisfactory night. The president awoke feeling refreshed this morning. Dr. Grayson stated that slight improvement was apparent. He continued to be restive and wanted to work but complete rest will be continued. Senator Hitchcock, administration leader, called at the White House to talk with Secretary Tamm.

## SEES DELEGATION SOLID FOR WATSON

A. B. Ayres of Fortville Says Ken-  
tucky Will Vote to Man For  
Him in National Convention

VISITS OLD FRIENDS HERE

Also Predicts Morrow Will be Elect-  
ed Governor of Kentucky—  
Tells of Oil Business

A. B. Ayres of Fortville, Ind., who has extensive oil interests in eastern Kentucky, while here visiting friends yesterday, predicted that Morrow, the republican candidate, would be elected governor of Kentucky November 4 next, and that the Kentucky delegation to the republican national convention next summer will be solid for Senator James E. Watson if he is a candidate for the presidency.

"I have found a lot of Watson sentiment in Kentucky," said Mr. Ayres, "and there will be more when he begins campaigning for Morrow October 20. I have also found many democrats who will vote for Morrow because they are dissatisfied with conditions under continued democratic rule in the state."

Mr. Ayres was born and reared in Center township and lived in Rushville for two years when a boy. He renewed old acquaintances here last year during the W. S. S. campaign, for which he was district chairman. During that campaign he was instrumental in bringing the sixth district out in the forefront and succeeded in putting every county over the top.

Mr. Ayres has amassed considerable wealth, according to his friends in the gas business, and now has a zone in for oil on a large scale. He has leases on more than 2,500 acres in eastern Kentucky and every well he has drilled has been a producer. He has a cottage in the center of his oil field and spends a good part of his time there. Mr. Ayres owns a large number of gas wells in northern Rush county, with which he supplies more than 1,200 consumers in Mays and Raleigh and several towns along the National Road. Mr. Ayres also has wells in southern Rush county from which he draws a supply of natural gas for Hope.

## SECOND CONSIGNMENT OF FOOD REACHES HERE

Weights 2,200 Pounds and Includes  
Enough Articles to Fill Many  
Local Orders

SOME WILL GET A REFUND

Another consignment of surplus army food reached the postoffice Saturday afternoon and it was sorted and orders were filled preparatory to placing it in the hands of the purchasers today. The consignment weighed 2,200 pounds and was much heavier than the first one received. It consisted of canned beans, canned corn, canned stringless beans, dried beans and bacon.

Postmaster Hunt announced today that he would check up his lists and determine this week the orders which had been filled, and would settle with those who have received all that they ordered, with the exception of the articles which the government could not supply. Rice and canned cherries are the only products ordered here which could not be supplied, according to postoffice officials. At the same time the postmaster will also refund to purchasers whose orders have been filled, the difference between the first and third zone parcel post rates.

# Conserving the Nation's Natural Wealth

TO take crude oil and separate it, without waste, into a maximum number of useful products is the Standard Oil Company (Indiana) ideal of its duties as a public servant.

By utilizing those fractions of the crude which otherwise would be waste, the Standard Oil Company (Indiana) becomes a conservator of raw materials, thereby adding to the nation's wealth.

At its refineries more than 2000 products are made, each one serving a definitely useful purpose. These cover everything made from crude oil, from petroleum ether and surgical dressings, to paving asphalt and petroleum coke.

By manufacturing so complete a line of related products, the Company is able to minimize the cost of each, and can sell to you the particular item you need at a low price because the other 1999 are carrying their true proportion of manufacturing costs.

By reason of its thorough organization and the achievements of its manufacturing department, the Standard Oil Company (Indiana) has been able to fill its obligations as a public servant by increasing its sphere of usefulness to meet the ever increasing requirements of the public.

## COAL PILE ON FIRE SUNDAY

Department Called to Case Lumber Co. to Protect Buildings

Fire which had been smoldering for several days in a coal pile at the Case Lumber Company, broke out in flames yesterday morning about seven o'clock, and the fire department was summoned to throw water on adjacent buildings. Several tons of coal were in the pile, and it took much water to subdue the flames so that the nearby buildings would not catch on fire.

## RED SOX WIN, 5 TO TWO

The Arlington Red Sox continued their winning streak Sunday when they handed Homer a 5 to 2 score. Rain ended the game in the sixth inning. After the second inning Plummer was unhittable. Ornes, a former Arlington pitcher, pitched a reliable game but the breaks were against him.

## FINDS FOR DEMOCRAT IN ELECTION CONTEST

(By United Press.)

Anderson, Ind., Oct. 6.—Judge Arnold in circuit court today rendered a decision holding that Willis Ellis, democrat, was elected judge of the superior court of Madison county in the November election of 1918.

The other contestant was Lewis Kimberlin, Republican. The case had been pending for several months.

The court further found that the ballots have been tampered with after being returned to the county clerk on the election board.

## ASKS HIGH COURT TO DEFINE INTOXICANTS

(By United Press.)

Washington, Oct. 4.—The government in the supreme court today moved to expedite a final decision on what amount of alcohol constitutes intoxicating liquor.

Attorney General King asked the court to advance the case of the government against the Standard brewery conducted in Maryland.

The lower courts states that 2 1/2 beer is not intoxicating and the government insists that 1 of 1 percent should be declared intoxicating.

## Figuring Your Tire Cost

That is an item of cost in the list of auto expenses that concerns vitally the machine owner. Too often people count only the initial cost.

Some tires are sold with certain guarantees as to wear and free repairs, and quite often the patron is so confused with these so-called guarantees that he finally loses sight of everything but the item of first cost.

## Let Your Hogs Choose

If you give your hogs a chance to choose among different feeds, you will find that they go for Swift's Digestor Tankage first. They crave for protein. They need it.

Poor pastures are handicapping your hog production. If you want the best results, you must supply protein elsewhere.

60 per cent tankage, though a little higher per 100 pounds, is much cheaper than other protein hog feeds in the long run because of the large proportion of protein it contains.

Of all 60 per cent tankages you will find Swift's superior.

Why?

Because every bit of that 60 per cent is available.

Because the filler is made of valuable rations such as fat and phosphates.

Because the hogs themselves prefer it.

## Phonograph Music at its Complete Best

THE mission of the phonograph is to reproduce music just as it was originally rendered. It is not intended that it shall create tones or harmonies of its own. It is simply a medium for picturing, as vividly as possible, the tone-colors of all voices and all instruments.

The peculiar ability of the Aeolian-Vocalion to reproduce musical tones in their natural and original colors is the key to its superiority — a superiority clearly audible to every listener who possesses a musical ear.

Ever since its appearance on the market four years ago, the Vocalion has been recognized by musicians as having the power to render musical tones more clearly and in a more life-like manner than any phonograph. From the first it was possible for the Vocalion to obtain from phonograph records of various makes, tonal beauties that had never before been audible.

Style 620

We invite you to call at our display rooms and hear for yourself—hear your favorite record played—as you have never before dreamed that it could be played—Hear the New Vocalion play all makes of disc records with the same reproducer, with the same needle—AND IMPOSSIBLE—as it may seem to you—without that terrible GRINDING, SCRATCHING NOISE so commonly heard on the ordinary Phonograph. The New Vocalion with its exclusive features, the Graduola Tone Control, the Improved Automatic Stop and the Insulated lid should appeal to you, if you want Phonograph Music at its Complete Best. Don't be misled. Hear the Vocalion and have its construction explained to you thoroughly before you buy a phonograph. It will be a half hour well spent, and we will be pleased to show you, whether you are ready to buy or not.

## Nash Trucks

Experienced Buyers Recognize Unusual Values of Nash Trucks

Careful investigation of the Nash truck line convinces the experienced buyer of the high value of any truck bearing the Nash name plate.

This is illustrated again by the fact that after an extensive experience with motor truck transportation of various types, the U. S. Marine Corps selected the Nash Quad as standard equipment for expeditionary service. This is the reason Nash trucks are hauling the loads of many big commercial concerns which operate fleets of trucks in many cities.

This preference for Nash trucks is based on sound business judgment. For they have behind them, assuring their continued good performance, the standing and permanency in the industry of the Nash institution with its nation-wide sales and service organizations of distributors and dealers.

**Insecure Investments**

The grand jury of history has returned a true bill against the United States for waste, and the charge has been proven time after time, both in our national and individual life. From fifty to sixty percent of all fruit and vegetables raised in America is wasted by inefficiency in preservation for market. Soil erosion costs the country over \$500,000,000. Over half a billion dollars damage is done annually to crops, fruit trees, grain in storage and live stock by noxious insects, rodents, flies, ticks and other pests which might have been prevented.

But there has been no more dangerous and widespread waste than the waste of capital in insecure and fraudulent speculative investments. Thousands of Americans toil and save and deny themselves only to be swindled out of their hard earned money to get rich quick promoters who sell worthless mining stocks, worthless irrigation bonds, bogus manufacturing stocks and in other projects the promoters of which take the widow's mite as eagerly and readily as they take the income of the professional man or the farmer.

The reputable papers of the country have received thousands of let-

ters of inquiry from their readers concerning such investments. They range from oil to aeroplanes and give evidence that the fake promoter is working with unprecedented success throughout the agricultural districts. These promoters have not been content with old time methods. Long ago, the American farmer learned to protect himself against the gold brick and the contract for a set of hooks that turned out to be a promissory note.

According to Joseph Chapman, vice president of the Northwestern National Bank of Minneapolis, the fakers have been conducting a school to train salesmen to trade the farmer out of his Liberty Bonds in exchange for fraudulent and insecure stocks. Just as the safe robber studies each new burglar proof device, so the fake promoter studies to meet the protection erected against his assaults upon the money of the earners.

Nor are their operations confined to agricultural districts alone. Governor Smith of New York has just invited eleven financiers to investigate and suggest methods for protecting investors in the Empire State against the flood of issues of doubtful or more than doubtful value.

In time of peace let us have peace at home

The coolies, however, are not yet out on strike.

Come on—let's strike!

We might, of course, all get busy and outprofit the profiteer.

These be the days when a fellow hesitates to ask his friend to "have something." He might accept.

"It is a wonderful treaty," and "it is a conglomeration of treason." All according to the way you look at it.

Morrow was defeated by Former Governor Stanley, now Senator Stanley, by a very narrow margin, in the last campaign, and took the defeat so gracefully, Mr. Ayres says that his election seems certain this time.

**Tail Lights Win on Home Grounds  
Sunday by Score of 7 to 4**

The Tail Lights defeated the Andersonville team on the South Main street grounds Sunday afternoon, 7 to 4, in which errors figured in the final score. Rushville got a bad start in the first inning when Andersonville hit the ball hard, and combined with four errors, crossed the plate three times. The locals settled down, however, and knocked the visiting pitcher out of the box. They had a big inning in the eighth and rolled up a safe margin. The visitors were able to score only once after the first inning. The Tail Lights feel that they have evened up for the 2-to-1 defeat at Andersonville a few weeks ago.

Alfred, Jr., was a bit given to prevarication. One day he rushed in his home and with staring eyes said: "Oh-oh, Ma! There's a big black bear in the back yard."

His mother, disposed to believe her darling yet quite sure it was another bit of fibbing, took a look and came back saying: "You are a naughty boy! You knew that was Mrs. Jones' old black tom cat. Now you go right up stairs, stay there ten minutes, and ask God to forgive you." Alfred, somewhat crestfallen, balked but did what he was told. After a brief wait he came down stairs whistling. His mother queried:

"Did you ask for forgiveness?"  
"Sure," said Alfred. "And He answered, 'That's all right, Alfred. I thought it was a bear myself when I first saw it.'"

## OUTGROWTH OF LOTTERY

Twenty-Eight Men Lately Indicted to be Arraigned Today

(By United Press.)

Indianapolis, Ind., Oct. 6.—Twenty-eight Indiana men were to be arraigned today or tomorrow on indictments returned by the Marion county grand jury charging them with being the moving spirit in a state-wide baseball lottery.

The indictments were returned some time ago, but the indicted lived in various parts of the state and this delayed serving of the capias. Eight of the men named live in Indianapolis.

## OPEN 3-DAY SESSION

Goshen, Ind., Oct. 6.—Adoption of a new state constitution and the forward movement of missions are two important subjects to come up for consideration at the state conference of Brethern churches of Indiana, which opened here today for a three day session. Three churches were represented by 250 laymen at the meeting which was also attended by leaders of the church organization.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

## Amusements

### "The Perfect Lover" Tonight

"The Perfect Lover," Eugene O'Brien's first stellar Selznick Picture, adapted from Lila Burton Wells' "The Naked Truth" has one of the most wonderful casts ever seen on the screen. This cast includes four of filmdom's most talented and beautiful leading women, who lend Mr. O'Brien splendid support.

Marguerite Courtot, who has a leading role in Select Pictures' big Special Attraction, "The Undercurrent," and was a Gaumont and Paramount star for many years, is seen in "The Perfect Lover" as Eileen Hawthorn, the little country girl who supplies Brien Lazar (Eugene O'Brien) with the inspiration that prompts him to paint the picture which later was hung at the exhibition. Miss Courtot will also be remembered for her excellent work in "The Unbeliever," in which she was starred with Ray McKee.

Beautiful Martha Mansfield, who has been a famous Follies girl for a number of years and who is at present gracing that production with her charming self, is seen in this romantic drama as Mavis Morgan, a dashing debutante of New York's "Four Hundred." Miss Mansfield was at one time the most popular artist's model in New York. She also played opposite Harold Lockwood in several of his latest screen productions.

Luille Lee Stewart, sister of the famous Anita, is another leading woman opposite Mr. O'Brien in this picture. Miss Stewart has been starred with Vitagraph for several years.

Mary Boland, one of America's foremost leading actresses, who is best known as John Drew's leading woman, has another leading role with Mr. O'Brien in the "Perfect Lover."

This picture, with its wonderful cast and splendid star, comes tonight to the Princess theatre.

As an added attraction tonight, "Burton Holmes Travel" will be shown. William S. Hart will be here Tuesday in "The Poppy Girl's Husband" and William Farnum is billed for Tuesday in "The Rainbow Trail." Anita Stewart is announced for Thursday and Friday in "Human Desire."

### A Female Bill Hart

Texas Guinan, who has been called the female Bill Hart, will appear at the Mystic theatre on Tuesday in

her newest photoplay entitled, "The She Wolf." It has been some time since the star graced the screen, and patrons of the Mystic will be surprised with her unique characterization. Miss Guinan is the only delineator of the good-bad woman in pictures. And this fact would make her conspicuous regardless of her performance. It happens, however, that she contributes a splendid bit of acting—a bit of acting which will remind you of Mr. Hart.

The star is seen in the role of the She Wolf who holds the bad men of the camp in the hollow of her hand. Her trigger fingers are sure and steady and woe to the man who attempts to cross her. Her particular enemies are Ah Wing, the Chinese proprietor of the saloon, and the sheriff, one of the former's henchmen. The Chinaman intends to marry Dad Bigby's daughter, Sallie, and the latter lives in constant dread of the approaching ceremony, and the Oriental also sees a victim in the Stranger when this unknown prospector wanders into the saloon.

How the She Wolf frustrates the Chinaman's wicked schemes, how she rescues the Stranger, whom she has grown to love, and how she exhibits her wonderful resourcefulness are events that make "The She Wolf" one of the most thrilling and absorbing pictures that has ever come to the Mystic theatre. It abounds in good old-fashioned Western incidents and carries a full quota of action and suspense.

### TAFT FOR BUDGET

# Doctor's Patient Gains 17 Pounds

Prominent Physician Continues to Use Tanlac in Practice With Surprising Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are now being received daily from scores of well-known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga. Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified endorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows just as it was written:

Fayetteville, Ga.  
Mr. G. F. Willis, Atlanta, Ga.

Dear Sir:—  
I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here, and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much can not be said about Tanlac. It certainly has cured him.

Respectfully,  
J. T. Edwards, M. D.

Mr. McGough's statement follows: "I suffered from indigestion and could not eat anything but what would hurt me. Constipation gave me a great deal of trouble, also. My symptoms were indigestion, heartburn and gas on the stomach after eating. My appetite was irregular and my food failed to nourish me. This trouble caused me to get very poor—in fact, I got so thin and weak I was hardly able to go about."

"I bought three bottles of Tanlac on Dr. Edwards' recommendation, and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work."

"I now recommend Tanlac to everyone who is sick like I was and wishes to take something that will help them."

Tanlac is sold in Rushville by F. R. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

**Autumnal Hangings**

The aspect of the home changes as the seasons change—and with the advent of fall and winter the interest in new draperies is at its height. This season emphasizes more acutely than ever the prestige of this store's drapery department, which is now the mecca for scores of women, who have the attractiveness of their home at heart. Included in this exceptional showing are many beautiful patterns of sectional lace panneling, filet lace and marquiesette curtains, single and double-faced cretons, Scotch madras, multi-color overdrapery fabrics, voiles and exquisite nets. We anticipate the pleasure of showing you.

**Pointing out the Advisability of Making Your Floorcovering Purchases Immediately**

The first of October witnessed a sharp advance in the wholesale prices of all kinds of floorcoverings. All future purchases by us necessarily will mean a corresponding advance to you. BUT—our present stocks are large, commensurate with the well known scarcity of floorcovering production today—and we are selling our present stock on the basis of wholesale costs many months ago. There are many new homes nearing completion, and refurbishing of countless other homes is taking place, so there is an unusual demand. To meet this demand is a limited supply. You who read this, profit by our suggestion and BUY NOW.

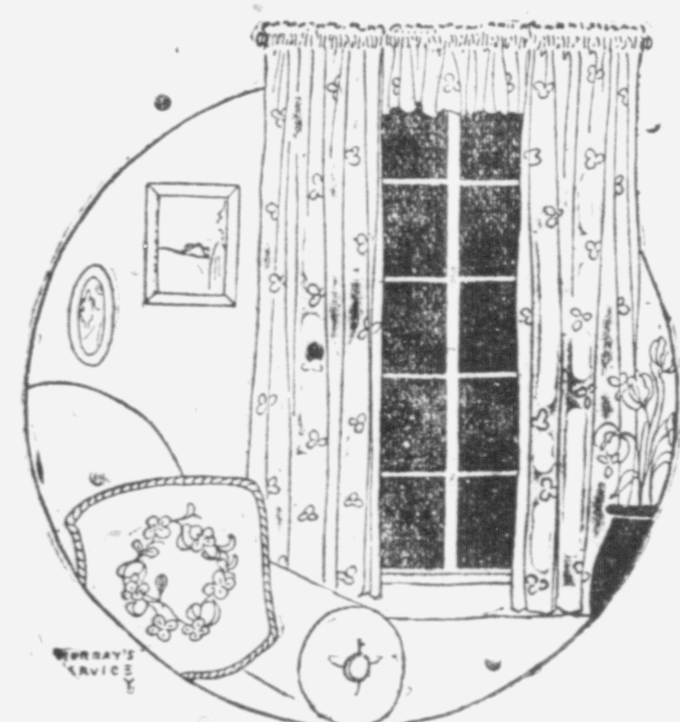

**RUGS**  
We are offering a good assortment of rugs from the smallest to the room-size in tapestry, axminster, velvet, up to the finest Royal-Ka-Shan Wilton. The patterns are such that they will appeal to the woman of refined taste. Prices based on last spring's purchases.

**CARPETS**  
Choosing an axminster, velvet or tapestry carpet here to be made up, means immediate delivery, and insures its being placed on your floor in a neat, workmanlike manner. Many patterns now, but that does not mean they will last long. Several all wool ingrain carpets, too.

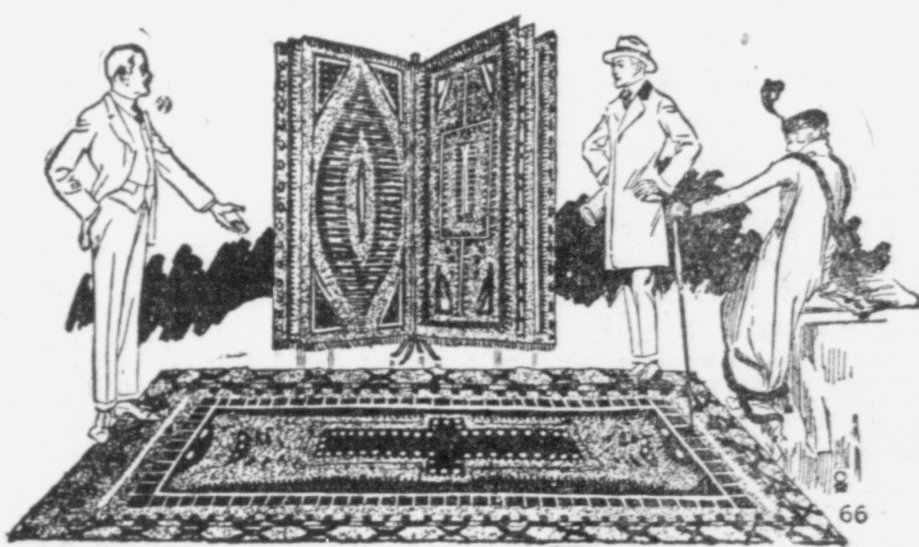

**LINOLEUMS**  
Several new 16/4 linoleums were hoisted to our third floor, last week. We show a multitude of patterns in many widths. A splendid assortment of congoileum squares for use under stoves is here too.

**Victor Window Shades do not wrinkle or wrinkle**  
They are made by hand. Therein lies the reason why they are always smooth—never wrinkle, wrinkle or shrink. No machine process has been discovered for making as good shades as hand-made Victors. The covering pigment, ground in pure linseed oil, makes them proof against moisture and fading. Let us measure your windows for Victor Hand-Made Shades

ROOM MADE FOR CENSUS BUREAU

Government Getting Ready for 1920  
Tabulation and Will Need More Room.

METHODS ARE EXPLAINED.

Aircraft Production Section Gives Over Part of Immense Building For Purpose

Washington, Oct. 6.—The advance guard of the Census Bureau in Washington has swooped down upon the quarters of the Aircraft Production Section of the War Department and dispossessed that branch of the Army of about half of the temporary building it occupied during the war. It is the intention of the Aircraft section to surrender the entire building to the Census Bureau within a few months.

The building, a full city block square in its dimensions, offers commodious quarters for the rapidly expanding clerical force of the Fourteenth Decennial Census. It likewise offers excellent facilities for the installation and operation of the many ingenious machines to be used by the Bureau of the Census in tabulating the statistics which will be gathered by the census enumerators during the month of January, 1910.

More than 8,000 packing boxes have already been provided for sending out copies of the census schedules and other supplies to the 85,000 enumerators in the field. The first shipment of schedules is already in progress and the boxes now being sent out will be returned to the Census Bureau as rapidly as possible, thus keeping them in constant use.

Finally the supervisors and enumerators after the enumeration is completed will use these same boxes to return of the Census Bureau the schedules filled out with the items of information which they have recorded on the schedules in their canvass of the population, homes and farms of the United States.

The dimensions of these boxes being approximately 26 X 20 X 11 in-

ches, a simple and obvious computation shows that each box will come back to Washington packed with more than three cubic feet of statistical data.

Many punching, sorting and tabulating machines are already set up in the new quarters of the Bureau. Most of these machines are products of the mechanical laboratory of the Census Bureau and have been invented and manufactured solely for the purpose of performing the intricate and rapid work required in sorting and tabulating the millions of punched cards upon which the facts and figures of the entire Nation will be transcribed from the information gathered by the field force.

## ROLL CALL MEETING HELD BY BAPTISTS

The Rev. E. C. Mitchell, District Superintendent, Preaches Two Sermons Here Sunday

### THREE RECEIVED INTO CHURCH

The First Baptist church enjoyed a big day yesterday, with two special meetings at which the district superintendent, the Rev. E. C. Mitchell of North Vernon spoke, and a Roll Call meeting in the afternoon. Ninety-nine members of the congregation responded at the roll call and in addition several letters from members who could not be present, were read.

Several movements were started at the afternoon session for more efficient church work. Plans were made to cancel a portion of the church debt in the near future and the women of the church made arrangements to hold a penny supper in the basement of the church next Friday evening and for other special work.

Three persons were received into church following the sermon by the Rev. Mr. Mitchell in the morning.

## COURT TO DECIDE THE TRUST CASES

Seven Anti-Trust Bills on Docket  
Marks Reopening of Campaign  
Stopped by War

TO BE VIGOROUSLY PUSHED

Reconvening of Supreme Judges  
Which Affect Industrial Life  
of The Nation

(By United Press.)

Washington, Oct. 6.—With the reconvening of the Supreme Court today the government's big trust-busting campaign postponed on account of the war was on in full swing in its final stages.

Seven cases of anti-trust prosecution are before the court for final decision, and the result of the suits undoubtedly will have a far reaching effect on American business. Much depends on the construction the Supreme Court puts on the Sherman and Clayton Anti-trust laws, under which the suits were brought.

All of the cases are near the top of the docket and will be argued as soon as a few special cases are disposed of. Decisions are expected early in 1920, if the court does not take longer than the usual time allotted for deliberation after the verbal battle of the government and big business attorneys. The suits were postponed during the war because the government felt it could not interfere in any way with production of materials that might be necessary for the war.

Attorney General Palmer, however, has now given notice the cases will be prosecuted vigorously.

Some of the cases represent nearly nine years of legal battles between the government and the corporations. The first case on the new court docket is the United States vs. the Lehigh Valley Railroad, while No. 3 is the government against the Reading Railroad. These are the celebrated anthracite coal production and shipments. The government lost both of these cases in lower courts.

The noted struggle of the government against the United States Steel Corporation, known as the "Steel Trust," is No. 6 on the docket. Here again the government is on the defense, having lost in the lower courts. Cases against the Eastman Kodak Company and the Associated Bill Posters follow closely, both of these being victories for the government so far. Numbers 12 and 14 are the suits against the American Can Co. and the Quaker Oats Company, both victories for the corporations so far. The case against the Keystone Watch Company is also near the head of the docket.

The session of the court opening today is expected to be one of the most important in history. Many puzzling war questions will be up for settlement besides the trust cases. It is certain that the court will be asked to rule on questions arising from the present industrial strife and clearly define the legal rights of capital and labor.

## MEDIATION IN RAIL STRIKE IS HOPELESS

After Collapse of Ego's at Agreement, Future is Not Very  
Bright in England

7-DAY TRUCE IS REJECTED

(By United Press.)

London, Oct. 6.—New possibilities of mediation that will bring the British railway strike to an early end seemed almost hopeless today following the collapse of efforts to effect an agreement.

The government's proposal of a seven-day truce, in which the strikers were to go back to work, was rejected.

The ministry of labor has published notices requesting urgently 2,000 volunteers to offer their services as bus drivers.

The police commission declared today an emergency had arisen and summoned all constables to duty immediately.

## Friday night's audience mystified

*Tries vainly to detect difference between art of  
famous artists and RE-CREATIONS  
by Edison's new phonograph*

Those present at the Main Street Christian Church Friday night saw Amy Ellerman walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Cowles' "Forgotten." Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Ellerman's voice, yet Miss Ellerman was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Ellerman's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken Friday night at Main Street

Christian Church by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Rushville were invited to pass judgment. No test could have been more exacting.

Miss Ellerman made comparison after comparison. The Fleming Sisters Trio, which appeared jointly with Miss Ellerman, also made tests with their instrumental selections. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

## The NEW EDISON

"The Phonograph with a Soul"

The instrument used in Friday night's Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustaining this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present Friday night. Learn the amazing truth. Then come in and let us prove it personally to you.

## BRITISH RAILWAY WORKERS GO BACK

London, Oct. 6.—British railway workers returned to their posts today after both the strikers and government had made concessions which ended this country's greatest walk-out.

Transportation systems in many places were in operation today. In some quarters fear was expressed that agitators would cause further trouble.

## RIDE OVER BOSTON ABANDONED BY KING

(By United Press.)

Niagara Falls, New York, Oct. 6.—An airplane ride over Boston by King Albert and the queen was abandoned today because of rainy weather. They arrived here at 9 a. m. and spent four hours in sight-seeing.

At the Niagara Falls the king kissed the first American baby who was E. A. Stone, Jr., twelve-years-old son of a New York Central freight agent here.

It is expected that the royal party will get a view of the Falls from the Canadian side.

They arrived in Buffalo at 1:30 p. m. today to visit the manufacturing plants.

## ARRANGE FOR THANKSGIVING

Ministers Pick Church and Name  
Preacher for Annual Service

At the monthly meeting of the Rushville Ministerial association this morning, it was decided to hold the union Thanksgiving service at the First Presbyterian church, but the hour will be determined later. The Rev. Clyde S. Black, pastor of the St. Paul's M. E. church, will preach the sermon. The service will be held on Thanksgiving day as usual.

No other business of any importance was transacted at the meeting this morning.

## ORGANIZATION TO BE FORMED ON THURSDAY

Rush County Farmers Association  
Will Meet To Adopt By-Laws  
And Elect Officers

C. F. PATTERSON WILL SPEAK

A mass meeting of the Rush County Farmers' Association has been called by President D. C. Buell for 1:30 p. m. Thursday, to perfect the permanent organization. The meeting will be held in the assembly room in the court house. At this time the constitution and by-laws will be adopted and permanent officers elected. The officers of the association have arranged to have C. F. Patterson speak at the meeting. Mr. Patterson is a farmer of Tipton county. He is thoroughly acquainted with the work of the Association, and those who heard him at Carthage and Raleigh two weeks ago say that he is a very forceful speaker. He will also speak at the evening meeting which will be held at the same place at 8 p. m. The officers have to hear other speakers from the State Federation to help Mr. Patterson in the evening meeting. They are also very anxious to have every member present at both meetings. Everybody is invited.

Mr. Buell has arranged to have two representatives from each township selected by the respective township organizations meet him in the Sheriff's office at 2 p. m. Wednesday and draft a constitution and by-laws to submit to the members on Thursday. A complete report of membership is expected at the Wednesday meeting.

At this time a program for the next day will be arranged.

## BROTHERHOODS TO SEND DELEGATES

Railway Men to be Represented at  
Conference of Labor and Capital  
Opening This Afternoon

MRS. CATT DECLINES TO GO

(By United Press.)

Washington, Oct. 6.—The four railway brotherhoods decided to send representatives to the round table industrial conference which opens this afternoon, according to a report today.

The representatives of the brotherhood will be: President W. Lee, of the trainmen; President Shea, of the conductors and H. Wills, legislative agent of the engineers.

President B. Jewell, of the railroad employers' department of the A. F. L. decided to accept the invitation to be a delegate.

Mrs. Carrie Catt, president of the National American Woman's Suffrage association, today declined to join the conference on account of previous engagements.

## SUPPRESS RACE AND STRIKE RIOT

Four Companies of Indiana Militia  
Guard Gary Streets and Others  
Are Held in Reserve

CROWDS EASILY DISPERSED

Steel Strike Ends Third Week Today  
With Very Little Change  
In The Situation

(By United Press.)

Gary, Ind., Oct. 6.—State troops today succeeded in suppressing race and strike riots which broke out during the last thirty-six hours.

Four companies of Indiana militia guarded the streets, and additional guard troops are held in reserve in East Chicago by Adjutant General Smith.

General Smith announced that he had orders from Secretary Baker to call for regular army troops.

Several troops arrived shortly after midnight. Local authorities could no longer control the situation after crowds of strike sympathizers had gathered in front of the steel mills. Shortly after the troops arrived the crowds were dispersed.

Twenty-five hundred strike breakers who gathered at the Civic club, were escorted to the plant of the Inland Steel company by 400 soldiers today.

The police and soldiers kept the crowds moving. Adjutant General Smith declared that if any further outbreaks occurred he would proclaim martial law. He said he had a proclamation signed by Gov. Goodrich, proclaiming martial law so he could make use of it when necessary.

The union steel workers council sent a telegram to the senate committee investigating the strikes, asking them to come to Gary to get information regarding the situation.

Little Change in Strike

Pittsburg, Pa., Oct. 6.—The second concerted act to draw crews to steel mills today brought little change in the situation.

## ARLINGTON POOL ROOM OWNER FINED

Ora Waymire Pleads Guilty to Grand  
Jury Charge and G. C. Hutcherson is Also Arrested

VIOLATES MOTOR LAWS

Ora Waymire, a pool room owner of Arlington, was arrested this morning by Sheriff Jones on two grand jury indictments, and paid \$5.00 and costs in each case, after pleading guilty to both charges. The two charges were for allowing minors to play and for allowing minors in a pool room.

Grover C. Hutcherson was arrested this morning in Anderson by the Madison county sheriff on a bench warrant from this court, being charged by a grand jury indictment for unlawfully operating a motor vehicle. Hutcherson gave a \$100 bond in Madison county, for his appearance in this court, and was expected to appear here this afternoon.

It is not known here just what the charge was for, but it is presumed that it relates to his experience of some time ago, when he ran into a traffic post and damaged his automobile. At present time a damage suit against the city of Rushville is under advisement in the Decatur circuit court. Hutcherson lives in Liberty, and has been working in Anderson.

Nothing was in progress in circuit court today, and no new suits were filed this morning.

## JACKSON FARMERS TO MEET

Session at Osborn School Tuesday  
Night to Complete Organization

The farmers of Jackson township will meet tomorrow at Osborn school house to complete the organization of the township farmers association, which will become a part of the Rush county association and which in turn will affiliate with the Indiana Federation of Farmers Associations. Officers will be elected and for this reason a large attendance is desired.

The farmers of Union township have also been called to meet the same night at the school house at Gings for the same purpose.

## NEW SCHEDULE BRINGS CHANGES IN THE MAIL

Hour For Closing Last Pouch to go  
West at Night Changed From  
8 to 7 P. M.

NO SUNDAY COLLECTION MADE

The change of time, which took effect on the C. I. & W. Sunday, makes necessary several changes in the mail service at the Rushville postoffice. It was announced yesterday.

The last evening mail for the west now leaves here at 7:33, which makes it necessary for mail going west in the evening to be in the postoffice at 7 o'clock, when the pouch will be locked. This is due to the fact that the train going west at 11:20 a. m. will not carry mail. An effort is being made to get a lock pouch for Indianapolis on that train, and if it is successful, mail will be accepted up until 8 o'clock in the evening as has been the custom.

No mail will be collected from the boxes on Sunday because the last mail will be locked at 11:30 a. m. and all mail to go out Sunday must be in the postoffice by that hour. The lobby of the postoffice will be open the usual hours on Sunday, however. The morning mail now arrives from the west at 5:46 and business men will find their mail distributed by 7 o'clock when the train is on time. With the new schedule, the rural route carriers now leave at seven, instead of eight o'clock.

## WILSON'S CONDITION CONTINUES IMPROVED

Statement by Physicians Today at  
10:30 Says That Change For  
Better is Apparent

SPENDS SATISFACTORY NIGHT

(By United Press.)

Washington, Oct. 6.—President Wilson's condition continued to improve, according to Dr. Grayson's bulletin issued at 10:30 this morning.

The text of the statement, given out after a consultation this morning which was participated in by Rear Admiral Grayson, Dr. Ruffin, of Washington and Admiral Stitt, follows.

"The improvement in President Wilson's condition noted yesterday has continued today." He had a satisfactory night. The president awoke feeling refreshed this morning. Dr. Grayson stated that slight improvement was apparent. He continued to be restive and wanted to work, but complete rest will be continued.

Senator Hitchcock, administration leader, called at the White House to talk with Secretary Tamm today.

A. B. Ayres of Fortville Says Kentucky  
Will Vote to Man For  
Him in National Convention

VISITS OLD FRIENDS HERE

Also Predicts Morrow Will be Elected  
Governor of Kentucky—  
Tells of Oil Business

A. B. Ayres of Fortville, Ind., who has extensive oil interests in eastern Kentucky, while here visiting friends yesterday, predicted that Morrow, the republican candidate, would be elected governor of Kentucky November 4 next, and that the Kentucky delegation to the republican national convention next summer will be solid for Senator James E. Watson if he is a candidate for the presidency.

"I have found a lot of Watson sentiment in Kentucky," said Mr. Ayres, "and there will be more when he begins campaigning for Morrow October 20. I have also found many democrats who will vote for Morrow because they are dissatisfied with conditions under continued democratic rule in the state."

Mr. Ayres was born and reared in Center township and lived in Rushville for two years when a boy. He renewed old acquaintances here last year during the W. S. S. campaign, for which he was district chairman. During that campaign he was instrumental in bringing the sixth district out in the forefront and succeeded in putting every county over the top.

Mr. Ayres has amassed considerable wealth, according to his friends in the gas business, and now has gone in for oil on a large scale. He has leases on more than 2,500 acres in eastern Kentucky and every well he has drilled has been a producer. He has a cottage in the center of his oil field and spends a good part of his time there. Mr. Ayres owns a large number of gas wells in northern Rush county, with which he supplies more than 1,200 consumers in Mays and Raleigh and several towns along the National Road. Mr. Ayres also has wells in southern Rush county from which he draws a supply of natural gas for Hope.

## SECOND CONSIGNMENT OF FOOD REACHES HERE

Weights 2,200 Pounds and Includes  
Enough Articles to Fill Many  
Local Orders

SOME WILL GET A REFUND

Another consignment of surplus army food reached the postoffice Saturday afternoon and it was sorted and orders were filled preparatory to placing it in the hands of the purchasers today. The consignment weighed 2,200 pounds and was much heavier than the first one received. It consisted of canned beans, canned corn, canned stringless beans, dried beans and bacon.

Postmaster Hunt announced today that he would check up his lists and determine this week the orders which had been filed, and would settle with those who have received all that they ordered, with the exception of the articles which the government could not supply. Rice and canned cherries are the only products ordered here which could not be supplied, according to postoffice officials. At the same time the postmaster will also refund to purchasers whose orders have been filled, the difference between the first and third zone parcel post rates.

## Phonograph Music at its Complete Best

THE mission of the phonograph is to reproduce music just as it was originally rendered. It is not intended that it shall create tones or harmonies of its own. It is simply a medium for picturing, as vividly as possible, the tone-colors of all voices and all instruments.

The peculiar ability of the Aeolian-Vocalion to reproduce musical tones in their natural and original colors is the key to its superiority — a superiority clearly audible to every listener who possesses a musical ear.

Ever since its appearance on the market four years ago, the Vocalion has been recognized by musicians as having the power to render musical tones more clearly and in a more life-like manner than any phonograph. From the first it was possible for the Vocalion to obtain from phonograph records of various makes, tonal beauties that had never before been audible.

Style 620

We invite you to call at our display rooms and hear for yourself—hear your favorite record played—as you have never before dreamed that it could be played—Hear the New Vocalion play all makes of disc records with the same reproducer, with the same needle—AND IMPOSSIBLE—as it may seem to you—without that terrible GRINDING, SCRATCHING NOISE so commonly heard on the ordinary Phonograph. The New Vocalion with its exclusive features, the Graduola Tone Control, the Improved Automatic Stop and the Insulated lid should appeal to you, if you want Phonograph Music at its Complete Best. Don't be misled. Hear the Vocalion and have its construction explained to you thoroughly before you buy a phonograph. It will be a half hour well spent, and we will be pleased to show you, whether you are ready to buy or not.

ASK US TO EXPLAIN OUR VOCALION XMAS SAVING PLAN—We sell them on terms that you can afford to own one. For the next ten days we will accept Liberty Bonds at their face value in payment on Vocalions for Xmas delivery.

## Nash Trucks

Experienced Buyers Recognize Unusual Values of Nash Trucks

Careful investigation of the Nash truck line convinces the experienced buyer of the high value of any truck bearing the Nash name plate.

This is illustrated again by the fact that after an extensive experience with motor truck transportation of various types, the U. S. Marine Corps selected the Nash Quad as standard equipment for expeditionary service. This is the reason Nash trucks are hauling the loads of many big commercial concerns which operate fleets of trucks in many cities.

This preference for Nash trucks is based on sound business judgment. For they have behind them, assuring their continued good performance, the standing and permanency in the industry of the Nash institution with its nation-wide sales and service organizations of distributors and dealers.

## Insecure Investments

The grand jury of history has returned a true bill against the United States for waste, and the charge has been proven time after time, both in our national and individual life. From fifty to sixty percent of all fruit and vegetables raised in America is wasted by inefficiency in preservation for market. Soil erosion costs the country over \$500,000,000. Over half a billion dollars damage is done annually to crops, fruit trees, grain in storage and live stock by noxious insects, rodents, flies, ticks and other pests which might have been prevented.

But there has been no more dangerous and widespread waste than the waste of capital in insecure and fraudulent speculative investments. Thousands of Americans toil and save and deny themselves only to be swindled out of their hard earned money to get rich quick promoters who sell worthless mining stocks, worthless irrigation bonds, bogus manufacturing stocks and in other projects the promoters of which take the widow's mite as eagerly and readily as they take the income of the professional man or the farmer.

The reputable papers of the country have received thousands of let-

ters of inquiry from their readers concerning such investments. They range from oil to aeroplanes and give evidence that the fake promoter is working with unprecedented success throughout the agricultural districts. These promoters have not been content with old time methods. Long ago, the American farmer learned to protect himself against the gold brick and the contract for a set of hooks that turned out to be a promissory note.

According to Joseph Chapman, vice president of the Northwestern National Bank of Minneapolis, the fakers have been conducting a school to train salesmen to trade the farmer out of his Liberty Bonds in exchange for fraudulent and insecure stocks. Just as the safe robber studies each new burglar proof device, so the fake promoter studies to meet the protection erected against his assaults upon the money of the earners.

Nor are their operations confined to agricultural districts alone. Governor Smith of New York has just invited eleven financiers to investigate and suggest methods for protecting investors in the Empire State against the flood of issues of doubtful or more than doubtful value.

In time of peace let us have peace—at home

The coolies, however, are not yet out on strike.

Come on—let's strike!

We might, of course, all get busy and outprofit the profiteer.

These be the days when a fellow hesitates to ask his friend to "have something." He might accept.

"It is a wonderful treaty," and "it is a conglomeration of treason." All according to the way you look at it.

Employees who get busy only when they hear the boss's footstep outside are always at the bottom of the salary list.

There is not the slightest doubt in his mind but that Kentucky will send a solid delegation instructed to vote for him in the national convention. He said yesterday that the Indiana senator won many admirers with his speech at Louisville on Lincoln's birthday last year, which in a measure was responsible for the widespread demand for Senator Watson to campaign in Kentucky for Morrow in the present campaign.

Morrow was defeated by Former Governor Stanley, now Senator Stanley, by a very narrow margin, in the last campaign, and took the defeat so gracefully, Mr. Ayres says that his election seems certain this time.

## ANDERSONVILLE LOSES HERE

Tail Lights Win on Home Grounds  
Sunday by Score of 7 to 4

The Tail Lights defeated the Andersonville team on the South Main street grounds Sunday afternoon, 7 to 4, in which errors figured in the final score. Rushville got a bad start in the first inning when Andersonville hit the ball hard, and combined with four errors, crossed the plate three times. The locals settled down, however, and knocked the visiting pitcher out of the box. They had a big inning in the eighth and rolled up a safe margin. The visitors were able to score only once after the first inning. The Tail Lights feel that they have evened up for the 2-to-1 defeat at Andersonville a few weeks ago.

Alfred, Jr., was a bit given to prevarication. One day he rushed in his home and with staring eyes said: "Oh-oh, Ma! There's a big black bear in the back yard."

His mother, disposed to believe her darling yet quite sure it was another bit of fibbing, took a look and came back saying: "You are a naughty boy! You knew that was Mrs. Jones' old black tom cat. Now you go right up stairs, stay there ten minutes, and ask God to forgive you." Alfred, somewhat crestfallen, balked but did what he was told. After a brief wait he came down stairs whistling. His mother queried:

"Did you ask for forgiveness?"  
"Sure," said Alfred. "And? He answered, 'That's all right, Alfred. I thought it was a bear myself when I first saw it.'"

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them, Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

## Amusements

"The Perfect Lover" Tonight  
"The Perfect Lover," Eugene O'Brien's first stellar Selznick Picture, adapted from Lila Burton Wells' "The Naked Truth" has one of the most wonderful casts ever seen on the screen. This cast includes four of filmdom's most talented and beautiful leading women, who lead Mr. O'Brien splendid support.

Marguerite Courtot, who has a leading role in Select Pictures' big Special Attraction, "The Undercurrent," and was a Gaumont and Paramount star for many years, is seen in "The Perfect Lover" as Eileen Hawthorn, the little country girl who supplies Brien Lazar (Eugene O'Brien) with the inspiration that prompts him to paint the picture which later was hung at the exhibition. Miss Courtot will also be remembered for her excellent work in "The Unbeliever," in which she was starred with Ray McKee.

Beautiful Martha Mansfield, who has been a famous Polies girl for a number of years and who is at present gracing that production with her charming self, is seen in this romantic drama as Mavis Morgan, a dashing debutante of New York's "Four Hundred." Miss Mansfield was at one time the most popular artist's model in New York. She also played opposite Harold Lockwood in several of his latest screen productions.

Luillee Lee Stewart, sister of the famous Anita, is another leading woman opposite Mr. O'Brien in this picture. Miss Stewart has been starred with Vitagraph for several years.

Mary Boland, one of America's foremost leading actresses, who is best known as John Drew's leading woman, has another leading role with Mr. O'Brien in the "Perfect Lover."

This picture, with its wonderful cast and splendid star, comes tonight to the Princess theatre.

As an added attraction tonight, "Burton Holmes Travel" will be shown. William S. Hart will be here Tuesday in "The Poppy Girl's Husband" and William Farnum is billed for Tuesday in "The Rainbow Trail." Anita Stewart is announced for Thursday and Friday in "Human Desire."

## A Female Bill Hart

Texas Guinan, who has been called the female Bill Hart, will appear at the Mystic theatre on Tuesday in

her newest photoplay entitled, "The She Wolf." It has been some time since the star graced the screen, and patrons of the Mystic will be surprised with her unique characterization. Miss Guinan is the only delineator of the good-bad woman in pictures. And this fact would make her conspicuous regardless of her performance. It happens, however, that she contributes a splendid bit of acting—a bit of acting which will remind you of Mr. Hart.

The star is seen in the role of the She Wolf who holds the bad men of the camp in the hollow of her hand. Her trigger fingers are sure and steady and woe to the man who attempts to cross her. Her particular enemies are Ah Wing, the Chinese proprietor of the saloon, and the sheriff, one of the former's henchmen. The Chinaman intends to marry Dud Bigby's daughter, Sallie, and the latter lives in constant dread of the approaching ceremony, and the Oriental also sees a victim in the Stranger when this unknown prospector wanders into the saloon.

How the She Wolf frustrates the Chinaman's wicked schemes, how she rescues the Stranger, whom she has grown to love, and how she exhibits her wonderful resourcefulness are events that make "The She Wolf" one of the most thrilling and absorbing pictures that has ever come to the Mystic theatre. It abounds in good old-fashioned Western incidents and carries a full quota of action and suspense.

## TAFT FOR BUDGET

Washington, Oct. 6.—William Howard Taft appeared before the house committee considering the budget system bill Saturday and stated that in his past experience as president of the United States, he found that a budget system authorized by the country is the only means of procuring economy in government expenditures.

The Sexton Christian church ladies will give an ice cream social in the M. W. of A. hall on Thursday evening, Oct. 9th. Proceeds go to furnace fund. Every one welcome. 17443

## HARVEST FESTIVAL AUCTION

Big Array of Farm Produce to be Sold by Salvation Army

A Harvest Festival Auction sale will be held tonight at the Salvation Army church in South Pearl street at 7:30 o'clock and foodstuff will be sold to the highest bidders. Capt. Tench announced this morning that he had succeeded in getting quite a lot of things together, most of which were donated by the farmers of Rush county. The list for tonight includes about 100 pumpkins, several bushels of apples, eggs, chickens, sweet potatoes, beets, cabbage, canned fruit, and a lot of good second hand clothing. Jimmy Adams will be the auctioneer and the public is cordially invited to attend.

# Doctor's Patient Gains 17 Pounds

Prominent Physician Continues to Use Tanlac in Practice With Surprising Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are now being received daily from scores of well-known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga. Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified indorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows just as it was written:

Fayetteville, Ga.  
Mr. G. F. Willis, Atlanta, Ga.

Dear Sir:—  
I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here, and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much can not be said about Tanlac. It certainly has cured him.

Respectfully,  
J. T. Edwards, M. D.

Mr. McGough's statement follows: "I suffered from indigestion and could not eat anything but what would hurt me. Constipation gave me a great deal of trouble, also. My symptoms were indigestion, heartburn and gas on the stomach after eating. My appetite was irregular and my food failed to nourish me. This trouble caused me to get very poor—in fact, I got so thin and weak I was hardly able to go about. "I bought three bottles of Tanlac on Dr. Edwards' recommendation, and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work."

"I now recommend Tanlac to everyone who is sick like I was and wishes to take something that will help them."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

**COLONIAL Drapery Fabrics**  
GOOD TASTE WITH ECONOMY

**Autumnal Hangings**

The aspect of the home changes as the seasons change—and with the advent of fall and winter the interest in new draperies is at its height. This season emphasizes more acutely than ever the prestige of this store's drapery department, which is now the mecca for scores of women, who have the attractiveness of their home at heart. Included in this exceptional showing are many beautiful patterns of sectional lace panelling, filet lace and marquise curtains, single and double-faced cretons, Scotch madras, multi-color overdrapery fabrics, voiles and exquisite nets. We anticipate the pleasure of showing you.

**Pointing out the Advisability of Making Your Floorcovering Purchases Immediately**

The first of October witnessed a sharp advance in the wholesale prices of all kinds of floorcoverings. All future purchases by us necessarily will mean a corresponding advance to you. BUT—our present stocks are large, commensurate with the well known scarcity of floorcovering production today—and we are selling our present stock on the basis of wholesale costs many months ago. There are many new homes nearing completion, and refurbishing of countless other homes is taking place, so there is an unusual demand. To meet this demand is a limited supply. You who read this, profit by our suggestion and BUY NOW.

**RUGS**  
We are offering a good assortment of rugs from the smallest to the room-size in tapestry, axminster, velvet, up to the finest Royal-Ka-Shan Wilton. The patterns are such that they will appeal to the woman of refined taste. Prices based on last spring's purchases.

**CARPETS**  
Choosing an axminster, velvet or tapestry carpet here to be made up, means immediate delivery, and insures its being placed on your floor in a neat, workmanlike manner. Many patterns now, but that does not mean they will last long. Several all wool ingrain carpets, too.

**LINOLEUMS**  
Several new 16/4 linoleums were hoisted to our third floor, last week. We show a multitude of patterns in many widths. A splendid assortment of congoeum squares for use under stoves is here too.

**Government Getting Ready for 1920 Tabulation and Will Need More Room.**

**METHODS ARE EXPLAINED.**

**Aircraft Production Section Gives Over Part of Immense Building For Purpose**

Washington, Oct. 6.—The advance guard of the Census Bureau in Washington has swooped down upon the quarters of the Aircraft Production Section of the War Department and dispossessed that branch of the Army of about half of the temporary building it occupied during the war. It is the intention of the Aircraft section to surrender the entire building to the Census Bureau within a few months.

The building, a full city block square in its dimensions, offers commodious quarters for the rapidly expanding clerical force of the Fourteenth Decennial Census. It likewise offers excellent facilities for the installation and operation of the many ingenious machines to be used by the Bureau of the Census in tabulating the statistics which will be gathered by the census enumerators during the month of January, 1910.

More than 8,000 packing boxes have already been provided for sending out copies of the census schedules and other supplies to the 85,000 enumerators in the field. The first shipment of schedules is already in progress and the boxes now being sent out will be returned to the Census Bureau as rapidly as possible, thus keeping them in constant use.

Finally the supervisors and enumerators after the enumeration is completed will use these same boxes to return to the Census Bureau the schedules filled out with the items of information which they have recorded on the schedules in their canvass of the population, homes and farms of the United States.

The dimensions of these boxes being approximately 26 X 20 X 11 in.

## ROLL CALL MEETING HELD BY BAPTISTS

The Rev. E. C. Mitchell, District Superintendent, Preaches Two Sermons Here Sunday

### THREE RECEIVED INTO CHURCH

The First Baptist church enjoyed a big day yesterday, with two special meetings at which the district superintendent, the Rev. E. C. Mitchell of North Vernon spoke, and a Roll Call meeting in the afternoon. Ninety-nine members of the congregation responded at the roll call and in addition several letters from members who could not be present, were read.

Several movements were started at the afternoon session for more efficient church work. Plans were made to cancel a portion of the church debt in the near future and the women of the church made arrangements to hold a penny supper in the basement of the church next Friday evening and for other special work.

Three persons were received into church following the sermon by the Rev. Mr. Mitchell in the morning.

## KING WAS UP IN THE AIR

King Albert Spent Half Hour Seeing New York From Plane

(By United Press.)

New York, Oct. 6.—King Albert accompanied by a member of his party, flew over New York in an airplane, spending one-half of an hour in the air, Saturday.

"It was a fine trip and the sight was wonderful," the king said.

The king has cancelled his arrangements for a tour of the United States during the president's illness.

## COURT TO DECIDE THE TRUST CASES

Seven Anti-Trust Bills on Docket Marks Reopening of Campaign Stopped by War

TO BE VIGOROUSLY PUSHED

Reconvening of Supreme Judges Which Affect Industrial Life of The Nation

(By United Press.)

Washington, Oct. 6.—With the reconvening of the Supreme Court today the government's big trust-busting campaign postponed on account of the war, was on in full swing in its final stages.

Seven cases of anti-trust prosecution are before the court for final decision, and the result of the suits undoubtedly will have a far-reaching effect on American business. Much depends on the construction the Supreme Court puts on the Sherman and Clayton anti-trust laws, under which the suits were brought.

All of the cases are near the top of the docket and will be argued as soon as a few special cases are disposed of. Decisions are expected early in 1920, if the court does not take longer than the usual time allotted for deliberation after the verbal battle of the government and big business attorneys. The suits were postponed during the war because the government felt it could not interfere in any way with production of materials that might be necessary for the war.

Attorney General Palmer, however, has now given notice the cases will be prosecuted vigorously.

Some of the cases represent nearly nine years of legal battles between the government and the corporations. The first case on the new court docket is the United States vs. the Lehigh Valley Railroad, while No. 3 is the government against the Reading Railroad. These are the celebrated anthracite coal production and shipments. The government lost both of these cases in lower courts.

The noted struggle of the government against the United States Steel Corporation, known as the "Steel Trust," is No. 6 on the docket. Here again the government is on the defense, having lost in the lower courts. Cases against the Eastman Kodak Company and the Associated Bill Posters follow closely, both of these being victories for the government so far. Numbers 12 and 14 are the suits against the American Can Co., and the Quaker Oats Company, both victories for the corporations so far. The case against the Keystone Watch Company is also near the head of the docket.

The session of the court opening today is expected to be one of the most important in history. Many puzzling war questions will be up for settlement besides the trust cases. It is certain that the court will be asked to rule on questions arising from the present industrial strife and clearly define the legal rights of capital and labor.

## MEDIATION IN RAIL STRIKE IS HOPELESS

After Collapse of Efforts at Agreement, Future is Not Very Bright in England

7-DAY TRUCE IS REJECTED

(By United Press.)

London, Oct. 6.—New possibilities of mediation that will bring the British railway strike to an early end seemed almost hopeless today following the collapse of efforts to effect an agreement.

The government's proposal of a seven-day truce, in which the strikers were to go back to work, was rejected.

The ministry of labor has published notices requesting urgently 2,000 volunteers to offer their services as bus drivers.

The police commission declared today an emergency had arisen and summoned all constables to duty immediately.

## Friday night's audience mystified

Tries vainly to detect difference between art of famous artists and RE-CREATIONS by Edison's new phonograph

Those present at the Main Street Christian Church Friday night saw Amy Ellerman walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Cowles' "Forgotten." Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Ellerman's voice, yet Miss Ellerman was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Ellerman's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken Friday night at Main Street

Christian Church by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Rushville were invited to pass judgment. No test could have been more exacting.

Miss Ellerman made comparison after comparison. The Fleming Sisters Trio, which appeared jointly with Miss Ellerman, also made tests with their instrumental selections. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

## The NEW EDISON

"The Phonograph with a Soul"

The instrument used in Friday night's Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustaining this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present Friday night. Learn the amazing truth. Then come in and let us prove it personally to you.
